The CBA is an educational charity working throughout the UK to involve people in archaeology and to promote the appreciation and care of the historic environment for the benefit of present and future generations.

There are many Archaeological Groups and Societies in our region, from those covering whole counties to small local groups. Some concentrate on one specialist theme, period or particular site, whilst others cover a broad range of sites or periods. All do valuable work within the region as a whole.

Whether amateur or professional, the CBA West Midlands invite you to join us, and add your individual or group skills and interests to our membership. You don't need archaeological knowledge to join and become a valued member, and you will learn a lot from other members.

Fill in the attached application and join the team today!
